

INSTRUCTIONS FOR MANUSCRIPT PREPARATION

General Considerations: The International Association for Stability, Handling and Use of Liquid Fuels does not retain copyright to papers published in its conference proceedings. Conference Papers are due **September 30, 2017**. Forward your completed manuscript electronically to Bob Morris, Proceedings Editor, at remorris@speakeasy.net or bring it to the symposium and give it to Patricia Lee. If you have questions, please contact Patricia Lee at plee@iash.net.

IASH is a Technical Symposium. Papers and presentations for IASH 2017 should be of a purely technical nature. In most cases, specific commercial products should be referred to by a generic or technical description of the technology or chemistry concerned, rather than by brand name. Where it is deemed essential to reference a commercial brand, comments should be restricted to technical discussion only and should be offered with a balanced consideration of the scientific and technical issues concerned. Even though abstracts may be approved, IASH reserves the right to withdraw papers, posters and presentations if, on final appraisal, they are deemed to be commercially biased.

Draft of PPT Presentation due August 1, 2017: Submit a draft of your PPT Presentation to Patricie Lee (plee@iash.net) and Pamela Serino, Conference Chairperson, at Pamela.Serino@dla.mil for review prior to the conference.

Submit Papers in MS Word: The final version of the manuscripts must be submitted on electronic media readable by a Windows-compatible computer, in Microsoft Word. **Do not submit papers in Adobe PDF.** The IASH 2017 Conference Proceedings will be available on-line to all registered attendees via password to the IASH Library.

Manuscript Preparation: All typing should be in Times New Roman 12 pt. font, single spaced. Color tables and photographs are acceptable. Begin paper with an abstract, keeping the text in one paragraph. Set the margins as follows: Top and Bottom – 1” & Left and Right – 1”. Avoid the use of multiple columns in your manuscript. Size of each page should adhere to the 8-1/2” x 11” paper size used in the United States. Abbreviations should be unambiguous and defined at their first usage in the document.

Header: Papers must have a header, on the first page only, following the example given below. This should be 0.5 inch (1.27 cm) below the top of the page. Type the Paper Title in Bold Capital Letters, left justified on page, and set it four spaces below the header. Insert two spaces and follow with the Authors' names (first name, middle initial, last name). Insert two spaces and

type affiliation, business addresses, Zip or Postal Codes, and E-mail addresses. Insert numbers in superscript beside each authors' names and in front of their addresses.

Keywords: In order to help with indexing the proceedings, please include a list of keywords in your manuscript.

References and Notes: Literature citations and notes should be numbered in one consecutive series by order of mention in the text. Reference numbers in the text should be given as superscripts without parentheses. The references and notes should be typed in a list at the end of the manuscript.

Figures and Tables: Figures and tables, with respective captions, should be numbered consecutively.

(EXAMPLE)

*IASH 2017, the 15TH INTERNATIONAL CONFERENCE ON
STABILITY, HANDLING AND USE OF LIQUID FUELS
Rome, Italy
10-14 September 2017*

TITLE OF PAPER

Daniel J. Doe¹, Foster Smith¹, and Michael M. Jones².

¹U.S. Bureau of Energy and Minerals, P. O. Box 12345, Research Park, NT 02345 USA.
ddoe@bee.com

²Winston Polytechnic Institute, Tirnchester, Welsex WX3 9XQ, UK. mjones@wpi.org

ABSTRACT

Leave one blank line between title, authors' names and addresses. Leave two blank lines between addresses and a brief abstract. The name of the author to whom inquiries about the paper should be sent should be marked with an underline. A footnote giving this author's complete mailing and e-mail address should be included if this address differs from that contained in the heading of the paper.

INTRODUCTION

Begin manuscript.
